- ✓ Co-Chairperson Beverly Struempf called the meeting to order and welcomed all members and guests.
- ✓ November meeting minutes were approved.
- ✓ Participants took part in professional development exercises.
- ✓ State Emergency Management Agency -- Jim Charrier spoke about an initiative that SEMA is working on that will impact state agencies as well as city and county municipalities. Software will be used to track equipment, tasks, and objectives relating to emergency management preparedness and response. Prior to software implementation, all users must be trained. Jim solicited members to serve on a committee that would focus on the planning aspect of delivery training to all users. The first meeting is planned for January and volunteers should notify Jim of their interest.
